

“OUR EXCLUSIVE IRON-CLAD, NO WIGGLE ROOM, SIMPLE, STRAIGHTFORWARD GUARANTEES.”

Basically, I guarantee you will have a subterranean termite-free home or I'll retreat it for free and refund 100% of your initial investment IF, after 120 days of your first treatment and up to day 1825 (**5 years**), we uncover a new colony of **live** subterranean termites. You will not find ANY company willing to match these guarantees. Here are the details:

1. **GUARANTEE #1:** If, after 120 days of your first treatment and up to day 1825 (**5 years**), we uncover a new colony of **live** subterranean termites—we will REFUND YOUR ENTIRE INITIAL INVESTMENT. See contract for details. (Read Testimonials!!)
2. **GUARANTEE #2:** If, during *any* year thereafter, we uncover a **live** colony of subterranean termites, we will retreat your home for FREE—EVEN IF YOU SELL THE HOME AND MOVE OUT! See contract for details. (Read testimonials!!)

Frankly, there's no way on earth I could afford to do this—unless I was successful at making homes just like yours subterranean termite-free and at keeping customers for life. Which I am. So, take note: There's no fine print here. No little asterisk marks like this (*) with footnotes in tiny type. No “weasel clauses”. No attorney language.

I guarantee your home to be free of **live** subterranean termites PERIOD. And, incidentally, I have a standing offer for any other termite & pest control company: Prove that you've matched and honored an identical guarantee for at least 5 years in this area and I'll donate \$500.00 to any charity of their choice.

FOR WRITTEN SUBTERRANEAN TERMITE-FREE HOME GUARANTEE, PLEASE SEE OTHER SIDE OF THIS PAGE.

How Can We Absolutely Guarantee You A Subterranean Termite Free Home And Keep That Promise, When Most Other Termite & Pest Control Companies, Even “Big Names”, Have All Kinds Of Sneaky Fine Print And Escape Clauses In Their Contracts, Pile Up Consumer Complaints At The Better Business Bureau, And Simply Fail To Honor Their Promises?

Yes, the guarantees on the other side of this page are real, straightforward and have been honored for 28 years, as we've served well over 37,982 Florida customers. Many stay with us for life. 92% of our new business comes from referrals. Just like you probably have yourself. **Why?** Because, on top of very courteous and reliable service by the most experienced technicians in the industry that I personally trained, my company flat-out delivers on its guaranteed promise of a subterranean termite-free home. How can we do that? A big part of the answer is:

**MY UNIQUE 19-STEP TREATMENT SYSTEM THAT SIMPLY LEAVES
SUBTERRANEAN TERMITES NO PLACE TO HIDE.**

Look, a lot of companies will make you empty promises and that's about it. Watch any other company's people at work and see if they match up with MY treatment system:

OUR UNHEARD OF IN THE TERMITE INDUSTRY \$100.00 CHALLENGE:

Have us come and do this 19-Point Inspection with you watching, when your house has been treated by any other termite & pest control company. If we don't find and point out to you important flaws with the subterranean termite service you have chosen, we'll pay you \$100.00.

Even more detailed information about this 19-Point Inspection is available at www.chetspestcontrol.com or in a brochure available upon request.

QUESTION: “CAN I GET BY WITH A LESS THOROUGH AND CHEAPER SERVICE?”

Maybe. But you'll find our prices are about in the middle of the market, not the cheapest but definitely not the highest, and there are NEVER hidden charges or surprises, or “low ball” quotes then lots of “up-selling.” Our 28 years in business and over 37,982 customers say: our prices are fair. More importantly, the costs of settling for a “bottom-barrel”, cheap service that basically just gives you empty promises can be very, very high—from just the annoyance of having subterranean termites. ...to having termites do very serious damage before you know what hit you. Saving a dollar or two and settling for less than our proven, **NO RISK, MONEY BACK GUARANTEED** service really is no bargain at all. **Think about it. This is too important of a service to be cutting corners.**
